## Topic

### A Debate on How We Fund Infrastructures

#### TOPIC:

On May 9<sup>th</sup>, we will have a new Provincial Government. This government may confirm their political forms as follows:

If the BC-Liberals form the government, they promised to create jobs, control government spending, and cutting middle-class taxes. Specifically, there may be announcements on road and bridge building such as the replacement on the George Massey Tunnel.

If the BC-NPD forms the government, their promised platform is wide ranging but more specifically, to improve medical services, build rental and co-op homes, building more schools, hospitals, roads, rapid transit and make schools earthquake safe.

Different paths face us. Let's debate the possibilities affecting engineers....

#### THE DEBATE:

On May 17<sup>th</sup>, come and discuss what the election meant to engineers. Come and network with your fellow Chartered Engineers. Come and build relationships.

HOST: CEP Chair – Matthew Walton-Knight, CEng MICE, P.Eng.

CO-HOST: CEP Treasurer – Marina Li, CEng MICE, P.Eng.

You are invited to join the discussion in:
