

2nd Annual

Health **Technology** Symposium:

Connecting the Dots & Coordinating Our Efforts

Friday, May 26, 2017

Paetzold Lecture Theatre at Vancouver General Hospital

Program 11:00 - 4:00 | Reception 4:00 - 5:00

The program will feature a series of vignettes highlighting how health technology needs come to light in the clinical setting, followed by small group conversations about how we as a community might better follow up on these identified needs. Between sessions, grad students will present posters highlighting their work.
